(up to 2000mm in length, 150mm width)
Finishes - White Powdercoat, Brushed Brass, Aged Brass,
Dark Bronze, Brushed Nickel, Chrome.

HAND CRAFTED TO ORDER

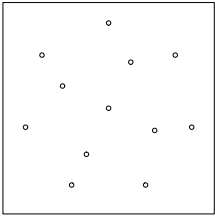

Every light piece is hand-blown and hand-built to order, so each design can be made to your exact requirements. We can work directly with architects and structural engineers, not only ensuring your chandelier is visually stunning, but that the technical design and installation goes as smoothly as possible. The bespoke chandelier below shows how successfully many of our pendants, stemmed pendants and sculptural stacks can work together in one piece.

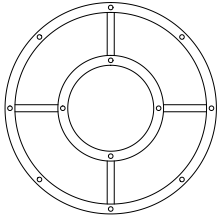

Catherine Chandelier
(10 Drop)

Many of our pieces can be adapted to suit a space. Here we have lengthened our Catherine Chandelier to work within a stairwell.

DRAWING SERVICE

It is impossible to truly capture the fluid elegance of hand-blown glass lighting but our drawing service does help visualise style, colour and a sense of scale. By using industry standard software, our design files can be used by architects and interior designers to integrate our lights into their own design schemes, whilst our in-house visualisations and renders hugely help our customers make informed decisions.

SIREN WALL LIGHTS

CHINA AND GLASS

These wall lights use glass and lusted ceramic plates, bowls and dishes.

BATHROOM & OUTDOOR LIGHTING

Many of our Wall Lights, and many of our single Pendants, Chandeliers and Sculptural Stacks, can now be made to IP45 (bathroom), IP44 (bathroom with wood or tassel) or IP65 (outdoor) standards, meaning they can be used in wet areas, near sinks and showers (Zones 1 & 2) or for outdoor areas and are fully compliant with BSEN 60598-1(2015). Each light piece is made to measure using round, fabric covered flex (non twisted) or metal rods and features an enclosed LED G9 bulb. Look for these symbols within our range to denote IP45  or IP65  IP44*

BATHROOM LIGHTING

OUTDOOR LIGHTING

Any of our small and medium shades can be used with our outdoor wall lights and fixed pendants.

OPTIONS

GLASS COLOURS

Glass samples can be ordered from our contact page on our website. These colours are only a guide. When glass is hand-blown the colour will naturally vary depending on the shape and thickness of the piece. Any small imperfections within the glass such as bubbles, swirls, slight variations in shape, colour and size are part of the hand-blown process.

Transparent

Semi-opaque

FLEX

The fabric twisted flex is stocked in ten colours. Other colours or styles of flex are available. All pendants are supplied with 1m of adjustable flex but can be specified to any length. NB. American and bathroom flex is supplied non-twisted.

FITTINGS

LED BULBS

We stock quality dimmable LED bulbs

More information on options as well as detailed specification sheets can be found on our website.
