

Glass Colours

Samples are available via our website: <https://www.curiousa.co.uk/order-samples>

Transparent

Semi-opaque

Please Note:

THE ABOVE COLOURS ARE ONLY A GUIDE. WHEN GLASS IS HAND-BLOWN THE COLOUR WILL NATURALLY VARY DEPENDING ON THE SHAPE AND THICKNESS OF THE PIECE. ANY SMALL IMPERFECTIONS WITHIN THE GLASS SUCH AS BUBBLES, SWIRLS, SLIGHT VARIATIONS IN SHAPE, COLOUR AND SIZE ARE PART OF THE HAND-BLOWN PROCESS.

Fittings

Five standard finishes are offered on fittings - other finishes are available on request.

Flex

The fabric twisted flex is stocked in ten colours. NB. American and IP45 or IP65 flex is not twisted but plain.

2 watts, 120 lumens, upgrade 15W,
Soft warm light 2,200K,
Energy rating A+, 30,000 hour lifetime,
3 year warranty
65mm x 28mm

Dimmable: See link below

Recommended Dimmers

E27 / B22 (Well Lit)

See the lists below for recommended dimmers
<https://well-lit.co.uk/kb/well-lit-recommended-dimmers/>

E14 Bulbs (Tala)

See the lists below for recommended dimmers
<https://www.tala.co.uk/recommended-dimmers/>

Ethically Produced

Many of our bulbs are hand-made and produced by Well Lit. Well Lit are proud European Design Award winners and finalists of The Observer Ethical Awards.

Levels of light

These bulbs should be used in a decorative capacity. Where strong lighting is required we recommend that spotlighting is also used.

Samples

Glass colour, flex and fitting samples from our normal hand-blown range of lights can be ordered as samples. See our website: <https://www.curiousa.co.uk/order-samples>. We can also blow clear glass. Special colours can be blown at a cost of £50 per sample.

Free-Blown and Bespoke Lighting

Bespoke commissions can be undertaken, with a quotation provided at the time of enquiry. **AS EACH PIECE IS UNIQUE AND FREE-BLOWN, ANY IMPERFECTIONS WITHIN THE GLASS SUCH AS BUBBLES, SWIRLS, SLIGHT VARIATIONS IN SHAPE, COLOUR AND SIZE ARE PART OF THE HAND-BLOWN PROCESS.** There may be small chips around the drill hole, which is an inevitable feature of hand-drilled glass. However, these will always be covered by the lamp holder.

Installation

LIGHT PIECES MUST BE INSTALLED BY A QUALIFIED ELECTRICIAN and in accordance with the customer's country's current wiring and building regulations. It is the customer's responsibility to ensure all suspension points for any light piece is sufficient to safely hold the specified weight. Fixings to the ceiling are not supplied – please use suitable fixings for installation. Installation is the sole responsibility of the customer unless otherwise stated on the quotation.

Repairs & Maintenance

Upkeep of the light piece is the sole responsibility of the customer unless otherwise arranged. It is important that a qualified electrician undertakes electrical repairs. If you damage your light we offer a full repair service and a quotation will be supplied at the time of enquiry.

Cleaning

We recommend you polish the glass with a spray of water and an E-Cloth (www.e-cloth.com). Ensure the light is switched off when cleaning and care must be taken not to pull the flex or allow water to fall on the fitment. Regular dusting with a feather duster will also help keep the glass clean.

American Fittings

E26 fittings are supplied for North America and Japan. Instead of a three cord fabric twisted flex, a single braided flex is used for these fittings, available in all the standard flex colours. All individual parts used are UL rated. We do not stock E26 bulbs and these must be supplied by the customer.

Descriptions and Price

As the description of the goods or their prices may change at any time without notice, we advise that you contact us to confirm any details. Any weights, dimensions and capacities given are approximate only.

Conditions of Sale and Payment

Orders in the UK require a minimum of 50% deposit for work to commence (full payment for international orders and sale items). The final invoice product details and addresses should be thoroughly checked, plus any associated drawings. For most orders we aim to deliver 6 to 8 weeks from receipt of your 50% deposit and final confirmation. A delivery date will be confirmed once this has been received. The final balance should be paid sufficiently before the delivery date quoted, to allow for the clearing of funds, as orders will not be released/dispatched until full payment has been received. For larger orders and bespoke chandeliers a longer lead-time will be required, to be confirmed at the time of ordering. If an order is placed but then cancelled, Curiousa Ltd will retain the deposit.

Delivery and Collection

We deliver worldwide and costs are quoted at the time of ordering. Any taxes payable at the destination port, customs clearance fees, or any other costs, are the responsibility of the customer. Delivery takes approx. 6 to 8 weeks from receipt of the deposit, unless otherwise arranged (see above). A dispatch note will be emailed referencing a tracking number for each package; all packages have to be signed for on delivery. At delivery, the light must be checked thoroughly for damage. If it has been damaged in transit, a replacement piece will be resent at no extra cost. Any damage after delivery is not our responsibility and replacements will incur additional costs. If a customer organises their own shipping, once collected from our premises, risk passes to the customer, and any damage incurred thereafter will not be our responsibility.

Copyright and Intellectual Property Rights

Curiousa Ltd retains full rights to its intellectual property in relation to its products, including copyright of images, design & drawings exclusively prepared by Curiousa Ltd, copy from the Curiousa website or any online or printed media prepared by Curiousa Ltd or on its behalf, and that these rights belong solely to Curiousa Ltd.

Disclaimer

Final responsibility for the safe installation of all light pieces ultimately lies with the client. We accept no responsibility and will have no liability for any claim arising through following advice, or using information of any kind stated in this document, or through any form of communication, verbal or otherwise with Curiousa LTD or its agents.

Terms & Conditions

When purchasing our products you consent to accepting our terms and conditions, which are available to download at www.curiousa.co.uk/terms
